MARK LEIBOVITZ

Mark Leibovitz, CIMA, is Chief Market Strategist for VRTrader.Com. His technical expertise is in overall market timing and stock selection based upon his proprietary VOLUME REVERSAL (tm) methodology and Annual Forecast Model. In tracking his positive and negative Volume Reversal (tm) signals, Mr. Leibovitz has been able to develop buy and sell signals on the markets and profitably exploit the momentum and volatility of short-term moves in a stock or index. His trading strategy provides clearly defined risk-management guidelines based on his technical volume indicators. His Annual Forecast Model (available at VRTrader.com) has gained increasing notoriety on Wall Street as a predictor of future market movement. Released each year in early February, it has accurately pinpointed market highs and lows. Mr. Leibovitz has just been named the #1 U.S. Market Timer for 2006 and was previously ranked the #1 Intermediate Market Timer in the U.S. for the ten year period ending December 31, 2007.
